TC 2700 MAIL ROOM

In response to the Office Action mailed January 3, 2000, please amend the application as follows. All of the claims are set forth for convenience:

IN THE CLAIMS

Please amend the claims as follows:

(Once Amended) A system comprising:

a plurality of devices, each device coupled to a low power transceiver that transmits over a short range, and receives information;

a plurality of router nodes, each router node having a transceiver capable of receiving device information from one or more proximate wireless devices and capable of wireless communication at a higher power level with other router nodes; and

a controller coupled to at least one router node for receiving device information, wherein the router nodes transmit device information either to the controller or to another router for further transmission of the device information.

2. The system of claim 1 wherein the low power transceiver has a lower data bandwidth capability than the bandwidth of the communication between router nodes at the higher power level.
